

Stephen Cotter

ACCOUNT EXECUTIVE | TECHNICAL SAAS

stephencotter1990@gmail.com

10+ years in B2B software sales, from cybersecurity and founding sales to growth leadership and enterprise SaaS. Highest-selling rep on my team at Synthesia for three consecutive years. I sell by showing people the product doing their job.

SELECTED RESULTS

137% / 125% / 120% of annual quota in three consecutive years at Synthesia.

4x monthly recurring revenue over two years at bant.io.

~\$200K licensing deal closed from a partnerships role at Synthesia.

EXPERIENCE

Synthesia | 2021-2026

Account Executive, 2023-2026; Partnerships & Marketing, 2021-2023

Highest-selling rep on my team for three consecutive years. Sold across emerging, mid-market and enterprise accounts, owning deals from prospecting through security review, procurement, legal and close.

Built the partnerships motion, landing Oracle Analytics and SAP. Closed an API licensing deal worth approximately \$200K and was recruited into sales by a VP on the strength of that deal.

Ran tailored technical demos and supported expansion into multiple product use cases. Joined at Series A and left at Series E.

bant.io | 2019-2021

Head of Growth; promoted from Account Executive

Owned the commercial funnel end to end and quadrupled a stagnated MRR over two years. Ran the systems, reporting and processes behind the funnel. The company was acquired in 2021.

usecure | 2016-2019

Founding Account Executive | Employee #1

The first salesperson, working alongside the CEO. Grew revenue from zero MRR, selling security-awareness software to SMB, mid-market and enterprise buyers worldwide. Revenue supported an investment round; the company grew from two people to 25 by the time I left.

NCC Group | 2014-2016

Account Executive

Sold penetration testing, incident response and ISO 27001 services to senior technical buyers. Promoted within the first year. New Business Sales Person of the Year 2015/16 and the only person on the team to hit every KPI.

FOCUS

Enterprise sales cycles | Technical product demonstrations | New business and expansion
Partnerships | Demand generation | Commercial funnel ownership
